Pneumatic Auger Drill (rotary) Model ACX-1004-MI

Specifications:

Chuck Size:

7/8" X 3-1/4"

Bore and stroke:

1-11/16 Bore x 2.5 STK (rotary)

20 Lbs class

2500 Rotary per min

All air Coupling included

Our Heavy duty pneumatic auger drill will bore holes in any surface you require. Heavy cast Construction will allow long life. The horizontal configuration allows leverage to prevent binding and bore even large bore holes without delay. This provides better control and accurate drilling.
